

# ECONTROL®

## INTEGRATED QUALITY, ENVIRONMENT, HEALTH AND SAFETY POLICY

TECNOLOGÍAS ECONTROL, as a Company aspiring to lead the valve sector, is committed to search Company excellence through a dynamic and revisable view that includes 5 bases:

1. **Relationships with our clients**, whom we commit to:
  - *Offer care and personal service*
  - *Be punctual on deliveries*
  - *A responsible commercial communication that respects the agreements made*
  - *Offer excellent quality in our products*
  - *Satisfy their expectative and requirements*
  - *Pay attention to suggestions, opinions and complaints*
  - *Seek a continual improve and process optimization*
  
2. **Relationships with our suppliers**, whom we commit to:
  - *Comply our commitments and respect the agreements made*
  - *Keep a fluent and constant relationship*
  - *Support their development*
  
3. **Relationships with our human team**, whom we commit to:
  - *Boost personal development through continuous training*
  - *Offer grown opportunities*
  - *Foment harmony, efficiency and quality in work performance*
  - *Open and clear communication*
  
4. **Relationships with environment**, whom we commit to:
  - *Work to minimize the impact that our activity may generate*
  - *Define environment objectives according to organization context*
  - *Protect environment including pollution prevention*
  - *Carry out a correct waste management*
  - *Comply with applicable laws and other environment standards*
  - *Seek a continual improve and process optimization*
  
5. **Relationships with health and safety**, whom we commit to:
  - *Provide health and safety work conditions to prevent injuries and health deterioration*
  - *Define health and safety objectives according to context organization*
  - *Comply with applicable laws and standards related to health and safety at work*
  - *Remove dangers and reduce risks for health and safety at work*
  - *Consult and make participate the organization personnel in the HS*
  - *Seek a continual improve and process optimization*
  - *Coordinate and integrate partners and suppliers in the development and application of HS*

For all the above we will apply our Integrated Management System as a daily work tool, checking periodically its implementation, efficiency and establishing mechanisms for their continuous improvement, inside the frame of the following rules: ISO 9001, ISO 14001, ISO 45001, API Q1, API 6D in force and RD 709/2015 (2014/68/UE)
